

Thank you for visiting our website and giving us the opportunity to share key features of our School with you.

Our College motto is 'virtus et scientia' which means virtue and knowledge and I passionately believe in all aspects of what we do and seek to accomplish, we have to focus on serving humanity.

To achieve the vision of our motto, our staff are working consistently to develop, evolve and enhance the learning experience that is offered, preparing students to take their place as active participants and leaders in tomorrow's world.

You will be most welcome to visit the school and I look forward to meeting you in the very near future.
